

#1

For the **donation** box on the right side, he wants the box to be edited so you can place the donation directly from there, so there will be no actual page. The user will click on the right box and be able to make a donation directly from there.

#2

Remove the bottom right blue logo.

#3

He wants the menu bar links changed in this order;

Home, About us, Our mission. Explore homeopathy, Find a homeopath (replace with Directory, get rid of Directory), Shop.

He wants to get rid of the 'directory' link, and replace it with 'Find a homeopath'. So the page directory will be called 'Find a Homeopath'.

#4

Remove product search from the top.

Thank you team.
