Homeo Shan Homeo Homeopath

Fix badges and accolades here.

#3

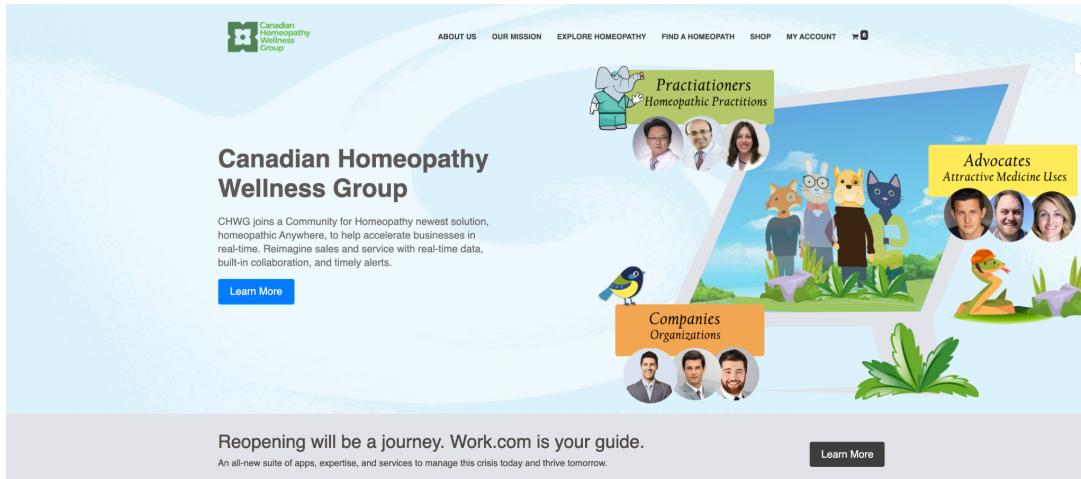

The screenshot shows a web-based application interface. At the top, there is a header with the logo of "Canadian Homeopathy Wellness Group" on the left, and navigation links for "Dashboard" and "Social Platform" in the center, and a user profile for "Adrian Hoss" on the right.

On the left side of the main content area, there are two cards: one for "Total events" (0) and one for "Services" (0). The "Services" card has a blue circular icon with a white gear symbol.

The main content area is titled "My Service(s) Appointment". It includes a table header with columns: Booking ID, Homeopath, Appt Date, Booking Date, Amount, and Status. Below the header, a message states: "No appointment(s) were found right now".

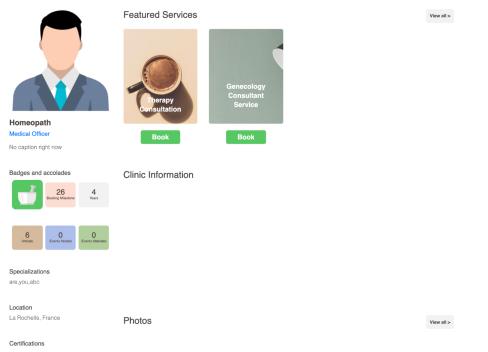

Add a zoom rectangular box here under “My services appointment” being the same size as “My services appointment”.

#4

Revert back to the original sizing for the very front page, I suggest moving the right side text downwards, as well as the illustration on the right side moved further down

#5 - <https://raoulOppenheim.wixsite.com/my-site/new-page-1>

Make the profile ui designed based on this reference for the homeopaths.

#6

This should be active as the homeopath was approved through the admins backend. I cannot view the dashboard, or myclinic.

The screenshot shows the 'Services' section of the MyClinic application. On the left is a sidebar with various menu items: Dashboard, Social Platform, MyClinic (selected), Services (highlighted in purple), Settings, Finance, Documents, Customers, Appointments, Calendar, My Schedule, and Visit Site. The main area is titled 'Services' and contains a 'Add Registration' form. The form includes fields for 'REGISTRATION NUMBER E.G. (STH1M0R)', 'Add Designation' (with 'Designation' and 'Add Caption' fields), 'Add Specialization tags' (with 'Add a tag' field), 'Add Location' (with 'Location' and 'Add Certifications' fields), 'Add Affiliations' (with 'Affiliations' and 'Started' field showing '1 year ago'), and a large blue 'Add Registration' button at the bottom right.

#7 - This does not work.

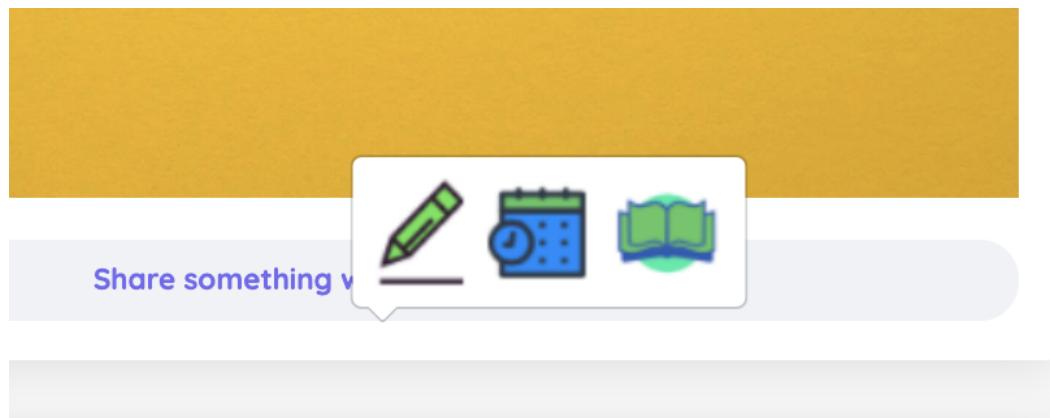

#8

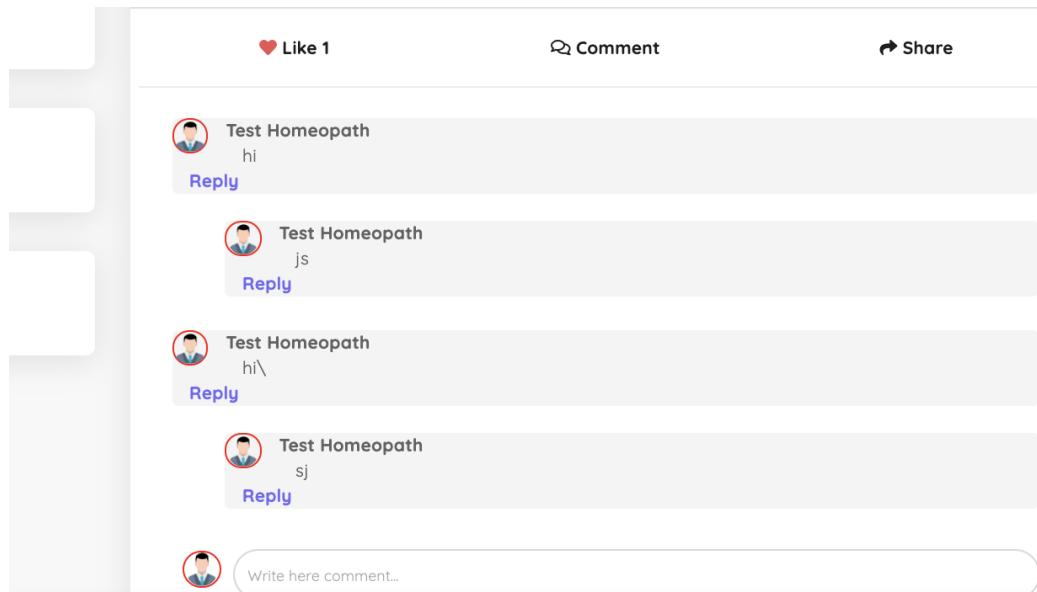

These icons are pixelated.

The first is a post, and resources.

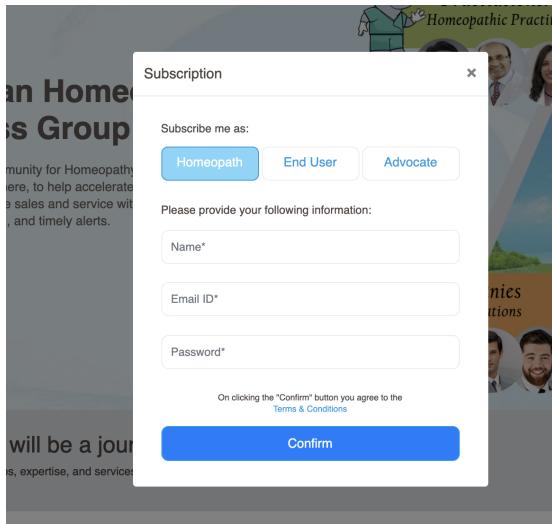

The options should be catered to each.

#9 - add delete option in order to remove comments

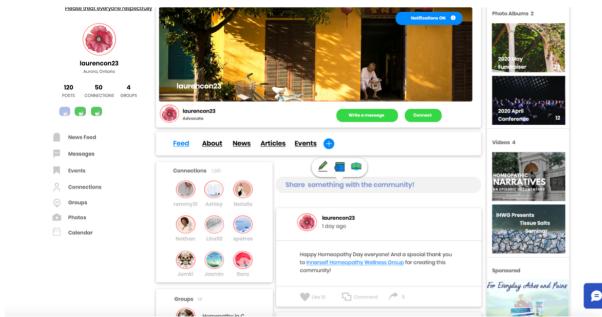

#10

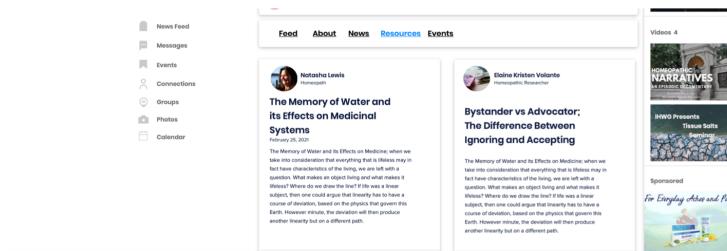

Make the Homeopath button green, end user the same blue, and advocate a shade of yellow.

#11 - Make the profile ui designed based on this reference for the homeopaths. This point is from update #15 the very last one.

2. For the social platform, both homeopaths, and advocates should have the news feed structured and designed like the references before.

Here is how the resources should be formatted

#12

For all of these bottom banners “Work with us”
Extend the banner like before, maybe with less height.

The screenshot shows a website's footer area. At the top, there are two horizontal banners: one light blue banner on the left with a small logo and the text "Users of Homeopathy worldwide", and a larger white banner on the right with a logo and the text "Using Homeopathy either alone or in combination with other medical systems". Below these is a large orange background section containing the heading "Work with us" and a brief description: "We are welcoming associates who value what we are trying to achieve. Contact us if you would like to work with us be it partnership or service." A "Contact Us" button is located in the center of this section. The footer itself is dark grey and contains four columns of links: "Company" (About US, Our Mission, Terms & Conditions, Privacy Policy), "My Account" (Advocates, Explore Homeopaths, Find a homeopath, Contact us), "Service" (Shop, Social Community), and "Subscribe to our Newsletter" (input field with "johndoe@gmail.com" and a "Get Started" button). Below the newsletter section is the text "Call us: (647) 688 - 8769" and a row of social media icons.

#13

For the page, CHWG for advocates, fix the top banner.

A social platform that is built with
Homeopathy at its forefront

Make sure the highlighted words are changing in the animated fashion we discussed earlier.

A screenshot of the IHWG website homepage with an animated top banner. The banner features the same green cross logo, navigation links, and search bar. The main headline 'A social platform that is built with Homeopathy at its forefront' is displayed in a large, bold, dark font. Below the headline, a subtext reads: 'Finally, a community that is sheltered from scrutiny, censorship, and capitalistic agendas. Let IHWG be a health haven for you and your loved ones.' Two images are shown: a tablet displaying a news article and an open book titled 'CULTURE' with a photo of two people on the cover. Below each image is a caption: 'Articles from reputable sources that care' and 'https://demo.devitech.com/ihwg/front/assets from practitioners and organizations sources that care'. A footer note at the bottom of the banner states: 'Find articles about all the latest' and 'Gain access to important health information that you deserve to know'.

#14

These links don't work.

CHWG for Advocates

We are constructing a vast network for Canadian homeopaths and patients to connect through health

[Learn More →](#)

CHWG for Homeopaths

While we thank every one of our community members, we extend a special thank you to those who choose to advocate for our mission.

#15

Under “Advocates” add “Homeopath”

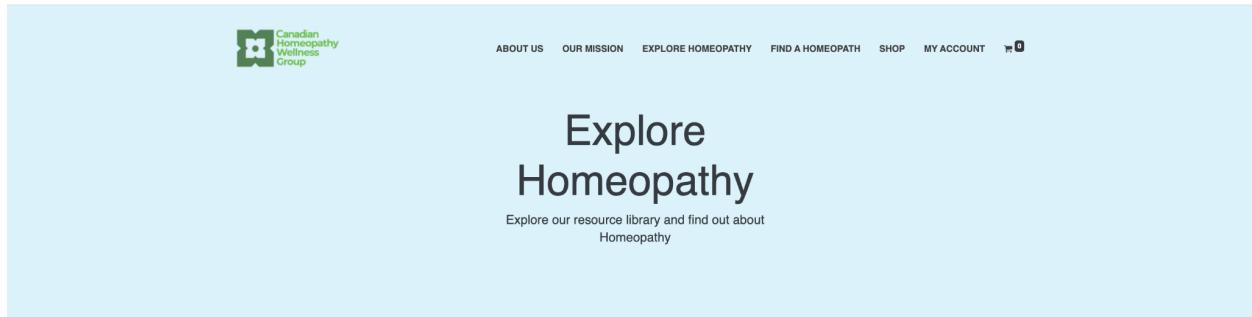

Take “Find a homeopath” and move underneath Service

Take “About US” and change to “About Us”

#16

Make all the top banners the size of the banner should be the same as “Explore Homeopathy”

#17

Make the quote smaller in size.

Canadian Homeopathy Wellness Group

"We are about providing solutions to a better, more connected future."
